“This is my room?” She asked.
 “Yes, this is your room. Do you like the blanket or would you like to pick a different one?”
 Daily we see a sparkle in our kids’ eyes. A little glimpse of empowerment over a choice they get to make or a simple yes they can have or do something. These everyday occurrences may seem mundane, but to our kids, these small “yes’s” to their needs are the beginning of healing from the hurt and trauma they have endured. Our goal at PYR is to provide a safe and nurturing environment to start each child’s journey to healing.

Over these past few years, we have all faced the shared trauma of COVID, the challenges of virtual school for the kids, the unknown of whether our community will open back up, and the mystery of what “normal” will look like. I shudder to imagine what supporting our youth through this season may have looked like without the generosity of our friends, families, and community.

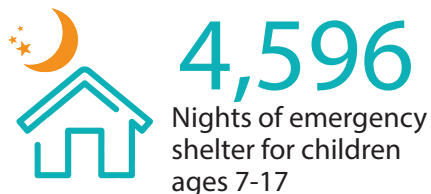

Our kids, mostly teens, need your support and encouragement as they focus on their education, their health, and their healing. PYR is launching our Annual Campaign in response to our community’s request of “how can we help”. Your annual gift helps each of these youth learn to navigate the world as PYR continues to provide each of them a “*Home for Today and Hope for Tomorrow.*”

The following pages show the data of the youth we serve, but your support and generosity make their stories of hope and healing possible.

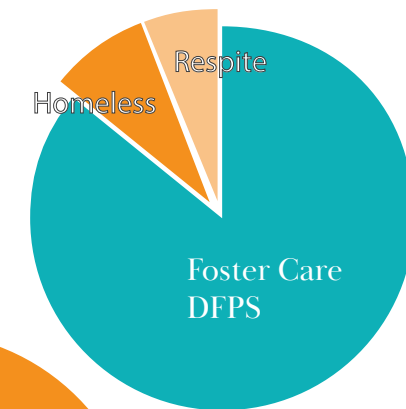

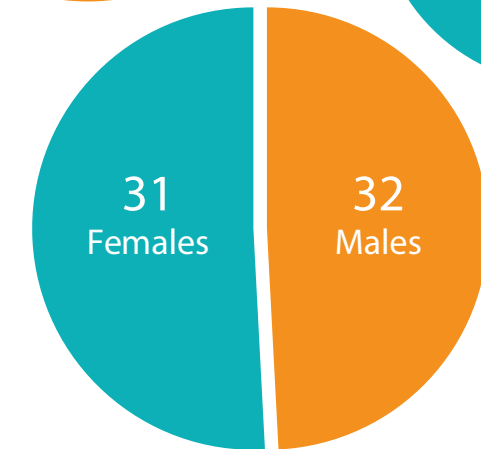

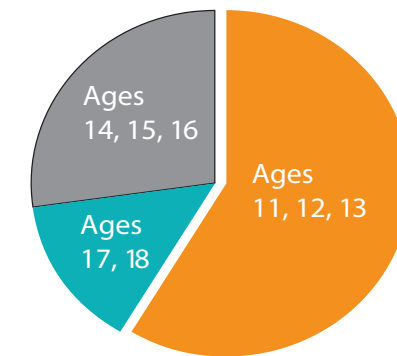

Thank you for all that you do for our kids.
